

Being Busy

Is what I do -
To block out
The pain,
Of thinking about
Why it is,

That I have to
Be so busy.

For those of us
Professional busy people,
Who take two little white
“*Busy’s*”
Each and every day,

Just hope we all
Get lucky,
And all -
Very busy die...

And never, *ever*
Have to answer,

That terrible question

Why?
